

Areas of Learning and Experiences (AOLE)

Within the new curriculum there will be 6 areas of learning and experiences (AOLE's), which will replace current separate subjects. The 6 AOLE's are of equal standing. Each AOLE will have 'What Matter statements' which will explain what each area should cover. The range will be from 3-16 years old. Each AOLE will also have links with other AOLE's and we will be expected to teach in a cross curricular manner.

Languages, Literacy & Communication

- English/Welsh - Reading, Writing & Oracy (e.g. speaking & listening)
- International Languages
- EAL - English as an additional language
