‘Learning today for a better tomorrow’

8th July 2020

Dear Parents/Guardian,

I’m sure you are as eager as we are to know what will be happening in September regarding schools but unfortunately until we receive guidance from the Welsh Assembly we are not able to put any plans into action.

This is just as frustrating for us as it is for you, the schools and the Local authority will find out what the education minister Kirsty Williams decision will be at the same time as you, when it is announced on the news! Hopefully there will be an announcement soon.

I have been working on various possible plans but until we know for certain I am not able to finalise any of these. As soon as I have more information I will be in touch.

Thank you for your understanding and patience.

Yours Sincerely

Mrs Jayne Davies
Headteacher
