

Safeguarding - Child Protection

Designated Safeguarding Leads

Mrs Jayne Davies

Mrs Sw Jones

Everyone has an individual **LEGAL DUTY** to refer child protection concerns to the designated safeguarding leads.

If you are the one chosen to make a disclosure to:

- Make time, listen and accept what they say – try not to appear shocked or disbelieving, even if you feel like it. The disclosure should not need to be repeated to avoid further distress.
- Don't offer an opinion or dismiss what they are saying.
- Do not collude or promise confidentiality.
- Do not investigate or ask any leading questions – record the disclosure in their own words including dates/times/places – who, when, where?
- Explain your responsibility and pass it on personally to the designated safeguarding leads.
- The disclosure should be recorded on the 'Safeguard my school' online system as soon as possible.
- Remember if a child is in need of care and support, pass it on today to the designated officers.
